One Killed And Ten Injured In Holiday Accidents

SAILOR DIES IN HOSPITAL AFTER CRASH

Motorcycle Collides Head-on With Automobile at Los Alamitos on Monday

MRS. NEAL INJURED

Wife of Local Merchant in Santa Ana Valley Hospital Is Cut About Head

A SAILOR was killed and 10 other persons were injured in Labor day automobile accidents in Orange county, according to a check made today of the hospitals and police stations.

W. C. Cooper, sailor on the U.S.S. Maryland, at San Pedro, died at the Community hospital, Long Beach, last night of injuries received earlier in the evening, when a motorcycle on which he was riding with two other sailors, collided head-on with an automobile, near Los Alamitos.

Four other persons were seriously injured in the crash, which overturned the car. Mrs. G. Jordan, 45, of 17 South Palm street, Alhambra, a passenger in the automobile, was believed to be critically injured. Al Swininger, 41, 26 Garfield street, Alhambra, was cut and bruised severely, and two sailors, F. A. Gehrett and F. R. Rooney, were cut and bruised.

Cooper and his companions were riding the motorcycle and turned around a car attempting to pass it. The motorcycle crashed head-on with the Swinger car, coming from the opposite direction, demolishing both vehicles.

Three persons were injured yesterday near Irvine station, when an automobile driven by W. F. DeCamp, 56, of San Diego, collided with a machine operated by C. A. Redfield, 53, of 6023 Spring Vale avenue, Los Angeles.

According to a report made by D. D. Adams, of the state police, the DeCamp machine was travelling too fast around a curve and caused the accident.

DeCamp suffered a broken collar bone and cuts and bruises and Mrs. E. F. Moore, 44, of Delano, and her daughter, La Vera Moore, 13, was cut and bruised.

The three persons were brought to the Santa Ana Valley hospital

STANFORD MEN TO GREET COACH 'POP'

SAN CLEMENTE, Sept. 3.—"Pop" Warner, Stanford coach, will arrive in San Clemente today, according to Hal Warner, manager of the Ole Hanson Organization building department and nephew of the famous grid mentor. On Wednesday Cardinal alumni of the southern part of the state will meet "Pop" here at which time he will give a picture of the 1929 season. The coach will leave for Palo Alto Thursday morning.

More than a 100 alumni from Santa Ana, Long Beach, San Diego, Los Angeles and other cities are expected to attend the barbecue planned for the coach. The feed will be held at the Beach club in the evening.

Premier Of Italy Is Proud Father

CARPENA, Italy, Sept. 3.—(UP)—Signora Mussolini, wife of the premier, gave birth to a daughter today. The child was named Anna Maria.

It was the premier's fifth child, or "the second infant of the second series," as Mussolini himself recently expressed it.

The first series ended with Bruno, who is now 11. There were no more children until the "second series" began with the birth of Romano in September, 1927.

Mussolini was understood to have determined to make a contribution to his "more children" campaign in Italy.

BEAN CROP IS THREATENED BY DAMP WEATHER

Early Morning Mist Causes
Worry to Growers Who
Await Thresher

DARK CLOUDED SKIES and a mist that threatened to turn into a rain, had the farmers of this section worried this morning. Hundreds of acres of lima beans are lying out and stacked and drying in the fields awaiting the bean thresher. A rain will do heavy damage to the crop. Already the bean crop is short, due to worms and unfavorable weather conditions. A soaking rain at this time would ruin what prospects of crop are left to the bean growers. The mist that began falling this morning is doing some damage to beans, just how much depends on the amount of moisture that occurs.

Around Huntington Beach there are several thousand acres in beans and on the Irvine ranch extending inland from Newport Bay, a ranch that contains over 30,000 acres, there are literally miles of lima beans with the crop harvest now under full swing.

Harvesting of sugar beets is also underway in this part of Orange county. The beets are said to be of good sugar content and average tonnage or better. The rain will do only slight damage to the beet crop, as the farmers are rushing their beets to the sugar plant in Santa Ana and the crop in many fields is practically harvested and marketed.

In the hay fields the harvest is also on, with the hay mowed and in windrows in many fields. Sunday and Monday many farmers took warning of the unsettled weather

GUSHER CONTINUES TO SPOUT OIL, GAS

KETTLEMAN HILLS, Calif., Sept. 3.—(UP)—Continuing to spout a "mountain high" gusher of oil and gas, the Elliott well of the Marland Oil company was still out of control today.

Mud pumped into the well was said to have been of little aid. Efforts were being made to tap the well from below the surface with a pipe line. A drainage system has been constructed around the gusher and it was estimated that 2100 barrels of oil a day were being saved in this way. The total output of the well was said to be 4000 barrels a day.

SPEICH'S FLIGHT AGAIN POSTPONED

The proposed flight of Vernon Speich, who is seeking to establish a new world record for a solo endurance flight with no refueling contacts, has again been held up by adverse weather conditions.

Speich announced today that a low pressure area moving in from the west had caused the postponement of the flight, which was scheduled to start from the Long Beach municipal airport tomorrow morning.

The attempt will be made as soon as weather conditions will permit, the Santa Ana pilot declared, as all arrangements have been completed.

MEXICAN CONSUL COMING HERE TO PROBE CARRILLO FEE CASE

TYPHOON HITS PHILIPPINES: SHIP IS SUNK

Nine of Crew of 37 Rescued and Fate of Other 28 Still Unknown

MANILA, P. I., Sept. 3.—(UP)—Leaving death and destruction in its wake, a hurricane of typhoon proportions swept the Philippine islands today.

Only nine of a crew of 37 of the steamer Mayon, which foundered during the storm, were rescued. The fate of the other 28 was unknown.

The vessel sank off Pasacao, near the Regay gulf in the Cermarines Sur province. The nine survivors were taken there. Hope was expressed others of the crew may have got ashore but are unable to make known their whereabouts due to the disruption of communications.

The ship was operating in the inter-island service when she was caught in the storm and sent to the bottom. It was not known whether passengers were aboard.

Center of the typhoon was placed at a few miles north of Manila, between 6 and 10 o'clock Tuesday night.

The island of Cebu, Tayabas province, in the southeastern part of the Northern Luzon, the Province of Rizal and other parts of the Philippines were devastated. Torrential rains flooded large areas, doing great damage to crops and dwellings.

Government offices and schools and several newspaper plants were closed because of the breakdown of the electric power supply. Communication with main provinces was disrupted.

Steamships had been warned of the approaching storm by the weather bureau. The number 7 flag, which refers to a typhoon of destructive proportions was hoisted and ships near enough to get to shelter and ride out the storm in protected bays, hastily did so, while others too far from the coast, ran for the open sea in the hope of avoiding the hurricane.

TWO BOMBS WRECK NEW ORLEANS HOMES

NEW ORLEANS, La., Sept. 3.—(UP)—Two more bombings marked the New Orleans street car strike today, the homes of two employees of the Public Service company being wrecked, presumably because they had refused to respond to the general strike call three months ago.

The blasts were of such force that they caused a wide area in the uptown section of the city to tremor as though it had been hit by an earthquake, but no one was injured.

The first explosion was at the home of Charles Seigward, who worked in the car burns. The other one wrecked the home of Seigward Deris, a conductor, who lives in the same block with Seigward.

RECEIPTS OF ORANGE COUNTY FRUIT EXCHANGE SET RECORD

August receipts of the Orange County Fruit Exchange, totaling \$2,240,594.51, were the largest in the history of the organization, it was revealed today.

The sales brought the year to date aggregate to \$6,783,105. This sum will be exceeded by two or three millions before the end of the season, October 31, it was declared.

During the year to date the exchange has shipped 4081 cars of oranges and 650 cars of

Murder Trial Of Slater And Nava Started

Youths Accused of Slaying
Huntington Beach
Clerk in July

THE MURDER trial of Albert Nava and Allen Slater, charged with the murder last July of Roy Kirk of Huntington Beach, opened today in the court of Judge E. J. Marks, where it was transferred from the court of James L. Allen.

A panel of jurors, predominantly feminine, was being examined by the attorneys for prosecution and defense preparatory to the selection of a jury which will hear the evidence and make the decision as to the guilt or innocence of the two Long Beach youths charged with the murder of a fellowman. District Attorney Z. B. West, directing the prosecution, stated today that he expected the selection of a jury to occupy the entire day and that hearing of the testimony would not be started until tomorrow.

The two young men, Nava, of short, stocky build, with swarthy complexion and heavy brows, and Slater, tall, slender, with fair complexion and light hair, are alleged to have slain Kirk, a Huntington Beach bookkeeper, in an encounter on the state highway near Huntington Beach, Sunday night, July 28, and to have placed the body of their victim in their car.

Passing motorists, who saw the first blow of the alleged attack struck, were the principal witnesses at the preliminary examination before Justice K. E. Morrison, which resulted in the defendants being held for trial on the murder charge in the superior court.

GERMAN SHIP IN SAN DIEGO HARBOR

SAN DIEGO, Sept. 3.—(UP)—The German cruiser Emden, namesake of the famous World war raider, was in San Diego harbor today for a week's visit during her training cruise around the world.

Officers and crew were guests today of San Diego army and navy organizations. Luncheons, trips, smokers and dances have been scheduled for the week's entertainment. The vessel, commanded by Capt. De La Perier, is of 6000 metric tons displacement, is 494 feet long, and is capable of a speed of 23 knots.

Trial Of Doctor Accused Of Torso Murder Continued

LOS ANGELES, Sept. 3.—(UP)—The trial of Dr. Frank P. Westlake, middle-aged physician, accused of the "torso murder" of Mrs. Laura M. Sutton, continued today after a Labor day recess.

Most of the early testimony centered around alleged signatures of Mrs. Sutton on documents and letters said to have been owned by the missing woman.

Husband Released After Wife Admits She Shot Herself

SACRAMENTO, Sept. 3.—(UP)—Admitting that she shot herself, Mrs. Margaret Ban, 29, made possible today the release of her husband, Frank Ban, who was being held for investigation in the case.

Mrs. Ban shot herself yesterday and lapsed immediately into unconsciousness, after telling a neighbor she had turned the gun on herself. When police found the gun hidden in a stove they took Ban into custody. Authorities said that Ban may have thrown the gun into the stove in his excitement upon finding the body of his wife.

Mrs. Ban has only a slight chance for recovery, it was said. She had been despondent over ill health.

MRS. PANTAGES ON TRIAL FOR MURDER TODAY

Wife of Millionaire Theater Man Appears with Family in Court

LOS ANGELES, Sept. 3.—(UP)—Mrs. Lois Pantages, wife of Alexander Pantages, nationally known theatrical man, went to trial here today charged with the second degree murder of Juro Rokomoto, Japanese.

Attorneys immediately started selecting the jury which will determine whether Mrs. Pantages must spend from five years to life in prison as a result of the automobile crash in which Rokomoto was fatally injured.

With Mrs. Pantages in the courtroom were her husband, who later this month must face an assault charge preferred by a 17-year-old girl, and her daughter, Carmen, and her two sons, Lloyd and Rodney.

The Pantages family sat near Mrs. Pantages' battery of high-priced attorneys, Max Steiner, of New York, and W. I. Gilbert and Joseph Ford, of Los Angeles.

The attempt to select a jury to determine if Mrs. Pantages was responsible for the automobile death of Juro Rokomoto, Japanese, dragged through the morning session and promised to extend for several days.

Mrs. Pantages, who appeared pale and heavy-eyed, leaned on the counsel table and appeared not to pay much attention to the monotonous questioning of prospective talemans.

Her husband, who, himself, faces trial on a criminal charge, sat just behind her. He slumped in his chair. He also seemed to be little interested in the procedure.

BRITISH INCREASE FORCES ON BORDER

JERUSALEM, Sept. 3.—(UP)—New reports of Arab movements along the frontiers of Trans-Jordan and Syria caused British authorities in Palestine today to take further precautions against the danger of an Arab invasion.

Frontier forces were strengthened. Aviators were instructed to keep a sharp eye on any Arab group that might attempt to slip into Palestine.

Rioting continued between Arabs and Jews in the northern regions. The British authorities, however, claimed to have the situation pretty well under control.

Besides tracking down Arab tribes which threatened to renew attacks, the aviators distributed a proclamation of the British high commissioner, Sir John Robert Chancellour, dropping the leaflets throughout the populated regions of the country.

Meeting Will Be Held Here Reports Say

Petitions Still Being Circulated By Women Asking Investigation

ALFONSO PISCADO, Mexican consul in Los Angeles, will be in Santa Ana at 6:30 p. m. today to confer with his representatives here and with other Mexican residents of this city regarding the activities of Charles Carrillo, court interpreter of Orange county, who has made a practice of charging Mexican people \$2 each for assistance in obtaining automobile operators' licenses.

Lucas Lucio, a representative of the consul living on West Fifth street, received a telegram from Piscado shortly before 1 p. m. today, informing him that the consul would be here at 6:30 p. m. Lucio told the Register, Lucio stated that he had been informed that the consul would launch an investigation into the affair.

Consul Piscado, with his representatives here and with a group of Mexican residents of the city, will meet at 110 French street at 6:30 p. m. to go over the situation, Lucio said.

The matter was referred to the consul by Lucio on Saturday after a group of women in the west part of Santa Ana had started circulation of petitions asking that the grand jury be convened for the purpose of investigating Carrillo's office and his actions. The petitions, which are addressed to Judge James L. Allen, presiding judge of the superior court, also request that the grand jury "investigate by whose authority he has been delegated to take charge of this work, whether by county or state officials." The petitions ask that the grand jury decide upon the legality of the practice of charging fees for assistance rendered Spanish speaking people in securing for them their 1929 auto driving licenses.

CAPT. EAKER ENDS ENDURANCE RACE

SALT LAKE CITY, Utah, Sept. 3.—(UP)—The transcontinental endurance flight of Captain Ira Eaker in his Boeing Shuttle plane was ended near here today when the gas line of the plane became clogged and he was forced down in Emigration canyon, about 10 miles east of Salt Lake City.

Airport officials said Eaker telephoned the field saying that he had been forced down and that his plane was slightly damaged, but he and his mechanic both escaped injury.

A truck was immediately dispatched to attempt to locate the plane and bring it to the local airport.

Yardstick For 'IT' Sought By Professors

NEW HAVEN, Conn., Sept. 3.—(UP)—A search for a yardstick for "It"—that thing which John Gilbert and Clara Bow are all broken out with and which, alas, many college professors seem to lack—began today at the great gathering of more than 1000 scientists at the Ninth International Psychology Congress.

Paper after paper was presented on the subject at a symposium on "Character and Personality," the latter being the professional name for "It."

Prof. Mark A. May, of Yale, offered a new definition of the quality, that made Cleopatra a menace to Rome. Personality, Professor May said neatly, "is an individual's social stimulus value."

91 KILLED IN UNITED STATES ON LABOR DAY

High Temperatures in East
and Mid-west Result
In Prostrations

By UNITED PRESS

ALONG THE highways of the land and air and on the cool waters of lakes and ocean shores, death went hand in hand with pleasure seeking millions throughout the United States over the Labor day holiday week-end.

Drownings, automobile and airplane accidents, heat, shootings and fireworks combined on the summer's last holiday to claim the lives of 91 persons, a United Press survey showed. A large percentage of the victims were children and young men.

Temperatures above 90 degrees in New York, Chicago and Los Angeles drove thousands to the water for relief and was responsible for 16 drownings and several prostrations, New York city reported one heat death.

Illinois had the highest death toll in the nation. Twenty-eight deaths were reported, six of which were drownings.

Automobile accidents were responsible for the greatest number of deaths, 42 fatalities being reported from the nation. Sixteen persons drowned and seven died in airplane and parachute jumping accidents. The remaining 24 died in

NATIONAL AIR RACE PILOT NOT LOCATED

NEEDLES, Calif., Sept. 3.—(UP)—The plane in which Major John Wood and Mechanic Ward Miller were competing in the Los Angeles to Cleveland speed hop of the national air races crashed in the barren county near Pite Springs, according to word received here today. Miller jumped in his parachute and was saved, it was said, while no trace of Major Wood was found.

It was believed that Major Wood also left the craft by parachute but that he and Miller fell some distance apart.

OFF SPANISH COAST EARLY IN MORNING

Big Dirigible Riding Gale
And Making Unusually
Fast Time, Reports Say

SHIPS SIGHT CRAFT

Indications Are That Huge
Airship Will Reach Her
Destination By Night

BOARD S. S. AMERICA, Sept. 3.—(UP)—(By radio via Port-head Radio station)—The Graf Zeppelin was sighted over the Spanish coast at 4:30 p. m. Greenwich time (9:30 a. m. MST), the America ascertained by radio.

Captain Ernest Lehmann, in command of the dirigible, gleefully radioed to Germany:

"We have succeeded from coast to coast again."

King Alfonso of Spain sent radio greetings to the Zeppelin.

Capt. Lehmann radioed he hoped to cross the northwestern shoulder of Spain into the Bay of Biscay within an hour.

Cape Finisterre was plainly visible, Lehmann said. Many ships were seen underneath as the Zeppelin neared land. The dirigible's radio operator was busy receiving messages of congratulation.

BOARD S. S. AMERICA AT SEA, Sept. 3.—(UP)—The Graf Zeppelin is riding a gale toward Friedrichshafen, after being forced off her course by a 50-mile wind.

Radio messages received by the America from the dirigible said Capt. Ernest Lehmann had been forced to swing to the south of the Azores after reaching a point slightly northeast of the islands.

Throughout Monday, Lehman reported, the Graf's radio was kept silent by storms and thunder-showers. After striking the storm area, the dirigible swung to the south of the Azores and again straightened out for Europe.

At midnight, Greenwich Mean Time (5 p. m. MST) Lehmann reported his position as latitude 35.32 north longitude 28.43 west, about 300 miles south and slightly west of the Azores. Two hours later the dirigible was at latitude 35.53 north, longitude 24 west.

Presuming the Graf Zeppelin continues on a line for Gibraltar, she reasonably could be expected to be off the European coast early today.

It was at 10:45 p. m. GMT yesterday (3:45 p. m. Monday MST) that Lehmann radioed his intention to circle back and go around the Azores.

It was apparent to those aboard the America that the Zeppelin was having difficulty making headway against the storm. Even this big liner was badly shaken by the wind and waves and obviously the situation would have been much worse on a lighter-than-air craft.

Capt. Lehmann radioed he would fly over Frankfurt-Au-Main before landing at Friedrichshafen.

Many other vessels besides the America are maintaining contact with the Zeppelin to furnish weather reports.

TWO STAGE STARS FACE EQUITY ACTION

NEW YORK, Sept. 3.—(UP)—Two of the most famous stars of the stage today faced disciplinary action at a meeting of the Actors' Equity association.

Ethel Barrymore, vice president of the organization, is charged with deserting Equity during the unsuccessful fight to "unionize" the motion picture industry.

COUNTY TAX RATE WILL REMAIN SAME

The board of supervisors shortly before noon today fixed the Orange county tax rate for the fiscal year, leaving the figures at the same notch at which they have been for the last year. Inside incorporated cities the rate will be \$1.45 per \$100 of assessed valuation, while in unincorporated territory the rate will be \$1.85 per \$100 of assessed valuation.

Labor Day Auto Travel In County Heaviest Of Year

ALL HIGHWAYS CHOKED WITH TRAFFIC JAMS

Traffic through Orange county yesterday was the heaviest of the year. In the opinion of Capt. Henry C. Meahan, whose squad of 18 officers was kept busy far into last night straightening out traffic jams, particularly in this section of the county.

Due to the fact that North Main street, from the Santa Ana city limits to Orange, is under construction, jams appeared frequently there, many times cars being forced to wait several minutes in order to move a few feet.

North Flower street also was choked with traffic between the hours of 5 and 8 o'clock last night. Cars were lined up one behind the other from Santa Ana to Anaheim for more than two hours late yesterday afternoon. Some of this delay was due to traffic in and out of the Orange County fair grounds.

The coast roads were jammed with thousands of machines. At the Arches, the intersection of the Coast highway and the Newport Beach road, several officers were busy for hours last night taking care of the traffic tie-ups which formed one after another.

In spite of the thousands of visitors, accidents were few, the only fatal accident occurring in a district where traffic was comparatively light.

murders, suicides, fires, accidental shootings and fireworks explosions. Iowa added 10 deaths, Indiana and Wisconsin one each to Illinois' 28 to give the mid-west a death toll of 40. New York state reported 10 deaths and Pennsylvania one; the New England area nine; the south-west states of Arkansas, Missouri and Texas, nine; Colorado, Utah and mountain district 10; California two and Washington one.

Five young men from Chicago were drowned in Long Lake, near Waukegan, Ill., when their overloaded outboard motor boat overturned in three feet of water. The youths were held fast by the mud bottom of the lake.

At Billings, Mont., a 33-year-old miner, angered by a separation from his wife, killed her and three of her family and then committed suicide. Financial worries were believed to have caused Frank Pestotnik, 50, of Boone, Iowa, to kill his wife and daughter and then commit suicide.

Three airplane crashes in Oklahoma, California and Rhode Island killed six persons, two of them women. A daredevil stunt man was killed at Buffalo when his parachute failed to open.

A four year old Milwaukee boy died of burns suffered when a fireworks bomb, an apparent "dud" used in a church celebration, exploded at his home.

Light Rains Aid Fire Fighters In Washington, Idaho

SPOKANE, Wash., Sept. 3.—(UP)—Light rains have quieted blazes in the Bonners' Ferry and Glacier National park regions, where serious fires have been burning and men in these regions are being sent to fight more serious conflagrations.

Spokane sent 25 men Monday to the Marble creek region of the St. Joe National forest and another 25 to the Kootenai region of central Idaho.

No new reports had come from the field Tuesday morning but it is believed the general situation is improved. The blaze in the Colville National forest has been hemmed in so that now only the northern line is uncontrolled, according to word received from Kettle Falls.

Conditions gathered hay from the fields that had not been fully cured, spreading the half cured hay loosely in sheds and under shelter to protect from rain. The damage to alfalfa by a rain will not be as great as a per cent as will occur to beans if the present weather conditions do not clear, or if further mist and rain fall.

The balmy clouds and lightly falling rain or mist brought a welcome relief from the intense heat of the past several days. Flower gardens and lawns in the cities welcomed the rain.

for medical treatment and then returned to their homes.

Mrs. T. J. Neal, of 730 Cypress street, Santa Ana, wife of a prominent Santa Ana sporting goods man, was severely injured about the head, when the automobile in which she was riding with her husband collided with an Excelsior Creamery truck, driven by Albert Stiffel, at 4:30 o'clock yesterday afternoon, near Costa Mesa.

Mrs. Neal also suffered a severe cut about the eye. Her condition this afternoon was reported as favorable. She is at the Santa Ana Valley hospital.

According to a report filed at the sheriff's office by Neal, his car sideswiped the truck when he attempted to pass it on the road.

Johnny Solario, young El Modeno youth, was knocked down and slightly injured at 11 o'clock yesterday morning by an automobile driven by J. Bernhard Luth, 218 Mills Drive, Anaheim, according to a report filed at the sheriff's office. The youth was walking in the road and did not see the approach of the car, according to a report filed by Luth. He was taken to his home where it was said his injuries were not serious.

Henry Ruesch, Olive rancher, was treated at the Santa Ana Valley hospital yesterday for cuts and bruises received in an automobile accident.

No one was reported injured when an automobile driven by P. V. Huddleston, of Anaheim, route No. 1, collided with another machine at Clare and Magnolia avenues, near Anaheim, at 10 o'clock yesterday morning. Huddleston made an accident report at the sheriff's office.

FIRE DESTROYS AIRPLANE

LOS ANGELES, Sept. 3.—(UP)—Bursting into flames while being groomed for a take-off, a bi-motored Keystone bomber from Rockwell field, San Diego, was completely destroyed by fire late yesterday. Loss was estimated at \$30,000.

TRAFFIC COPS WONDER WHAT SALARY TO BE

Chagrined, disappointment and anger ruled supreme in the office of the state traffic squad here today.

If a movie producer needed long faces for the filming of some other heart-rendering story he could have shot said long faces in the squad's headquarters today.

It all came about when the monthly salary checks arrived from Sacramento and were opened by the 18 members of the Orange county squad.

The checks were for only \$115.32 instead of the \$275 which the state coppers are used to receiving.

To make matters worse, there is no mistake in the checks. But there is a reason for it. The state took over the county's burden of operating the state squad on August 14. The checks received today were the county's part of the monthly pay. According to the officers, the state has not decided how much money it expects to pay officers and therefore salaries for the last half of last month were not forthcoming in full.

An Open Letter to the Sick

This Letter Is to Those Who Have Asked For a Simplified Explanation of Colon Flushing and Intestinal Hygiene

COLON FLUSHING
COLON FLUSHING is the act of washing the Colon with medicated water. The colon while full of this water is massaged for the purpose of loosening everything from the intestinal walls and also to open the Semilunar Folds and Kinks, and to remove all the poisonous deposits therefrom.

INTESTINAL HYGIENE
Intestinal Hygiene is a health method that is broader and more successful than colon flushing. Intestinal Hygiene has its beginning in the MOUTH and ends in the act of ELIMINATION. In other words the Food, the Stomach, the Liver and the Intestines must ALL be corrected and brought into harmonious co-operation. Colon flushing is only a part of Intestinal Hygiene and when ALL are properly combined and handled by one who knows his business YOU HAVE THE MOST SUCCESSFUL HEALTH METHOD KNOWN TODAY.

70,000 PASS THROUGH GATES DURING EXHIBIT

Once again the annual Orange County fair has stepped from the prominent place it occupied in county life for almost a week and has become a memory—and an anticipation. A memory of six days of romantic interest and beauty for the 1929 event, and an anticipation of an equal length of time, yet more romantic and more interestingly beautiful, if possible, for the 1930 event.

For even while casting a backward glance over the successes of the 1929 fair, concluded with yesterday's stirring program and record breaking crowd at the county fair grounds, on the state highway north of this city, the indefatigable members of the fair board today were directing their thoughts to planning for the next event, a year in the future.

There was but one thing to mar the program of the six days just concluded and that was the uninterrupted spell of hot weather. But that it was not sufficient to deter interested folk from attending was proven conclusively by the fact that there was an approximate attendance of 70,000 persons, as compared with 60,000 in 1928, the largest crowds heretofore greeted and entertained.

CLYDE DOWNING WILL ADDRESS TOASTMASTERS

Considerable interest has been aroused by the announcement that Clyde C. Downing will be the guest speaker at the opening meeting of the Toastmasters' club Wednesday night at the Y.M.C.A.

Downing spent several years in Washington in governmental service, coming into contact with many of the national leaders and hearing most of the famous speakers in congress at that time. He will deal in reminiscences of these experiences as he talks tomorrow night about "Orators I Have Heard" for the edification of the Toastmasters.

In addition to this speech, there will be music by Dr. K. H. Sutherland and short speeches by William Iverson, Frank Humphrey and A. G. Green.

A number of visitors are expected at the meeting, which is planned to be of special interest to new members. Any men who wish to attend the meeting will be welcome, provided they make reservations for the dinner. Dinner will be served at 8:15, and the session closes at 8 o'clock.

GEORGE S. SMITH WILL HEAD MASONIC TEMPLE CAMPAIGN; NAME EXECUTIVE COMMITTEE

An executive committee of 29 local members of the Masonic fraternity and affiliated organizations has been appointed to formulate and administer policies of the \$200,000 building fund campaign that is to make possible the immediate construction of a new Masonic temple in Santa Ana and George S. Smith, well known Masonic leader, has accepted the post of general campaign chairman.

This announcement was made by S. M. Reinhaus, president of the Santa Ana Masonic Temple association, who listed the following men and women as members of the executive committee: James L. Allen, Dr. W. P. Baker, Dr. C. D. Ball, Miss Henrietta Bohling, Alex Brownridge, J. T. Carter, Charles Chapman, W. L. Duggan, George Dunton, Roscoe Hewitt, Albert Hill, Asa Hoffman, J. Clyde Howell, Sam Hurwitz, James Irvine Jr., William Iverson, Henry Myers, Charles F. Mitchell, Mrs. Irene Mitchell, Carl Mock, Max Reinhaus, S. M. Reinhaus, E. B. Smith, Robert Speed, Mrs. Mae Thomas, E. B. Trago, Dr. L. L. Whitson, W. B. Williams and Mrs. Florence Wright.

The first meeting of the executive committee has been called by Chairman Smith for 5 p. m. Wednesday, and will be held in the Masonic Temple.

The newly appointed general chairman is one of the best known members of the fraternity in Santa Ana, having been active in the affairs of the community for years. He is the present president of the Kiwanis club, is a member of Santa Ana lodge No. 241, the chapter, council and commandery of the York Rite bodies, is a former director of the chamber of commerce and the community chest and is identified prominently with business interests here.

with reckless driving, were fined \$250 each in Justice Kenneth Morrison's court this morning. W. H. Stewart, Anaheim, pleaded guilty. He was arrested several days ago after the car he is said to have been driving collided with a machine operated by Samuel Scholtz, also of Anaheim. Scholtz was the complaining witness in the case. The accident occurred on Valencia boulevard, near Anaheim.

H. Funderberg, of Anaheim, also pleaded guilty. His car collided with a machine driven by William Krepp, of Anaheim, several days ago.

INQUEST TODAY IN AUTO CRASH DEATH

Inquest into the death of Wilma Armstrong, 18-year-old Ontario girl, who was killed Sunday night when the automobile in which she was riding with her sister and two sailors crashed into a car driven by N. Wata, Buena Park

Japanese, in Cypress, will be held at 4 o'clock this afternoon in the Hilgenfeld Funeral parlors, Anaheim.

The body was removed from the Artesia hospital to Anaheim yesterday.

The girls and the sailors were returning to Long Beach, where they had rented the automobile in which they were riding, at the time of the accident. Both sailors were severely injured and Edna, the younger sister of Miss Armstrong, also was hurt.

Court Notes

Complaint was filed Saturday in superior court by the firm of Head, Wellington, Jacobs and Scovel, representing R. W. Krueger, asking for judgment in the sum of \$479.25 and costs against Arthur E. Koepsel, doing business as the Padre Tile company. The complaint recites that Krueger has been engaged in a general trucking and hauling business and that for the last two years, at the request of Koepsel, has hauled merchandise for which Koepsel had agreed to pay the reasonable value. Koepsel, it is stated, now refuses to pay the bill, amounting to \$479.25.

Charles P. Rhinard has filed suit for divorce against his wife, Ethel E. Rhinard, alleging desertion. The Rhinards were married in Riverside on May 4, 1922, and lived together until December

Local Briefs

Announcement was made here today that the spiritualist missionary, Mrs. E. F. Porter, has closed her public services until October 1.

R. R. McGee, 1231 West Fourth street, was winner of the \$150 roof given away during the progress of the Orange County fair at the booth of the Kelly Roofing company, in the Industrial tent. Miss Gloria Sohre, of 495 North Tustin avenue, Orange, won second prize, a credit of \$25 on a new roof.

Charlotte Wear, 11 years old, of La Habra, was removed to the Orange County hospital yesterday with a broken arm, which she suffered when she fell from a horse at the Orange County fair. The arm was set and the child taken to her home.

Mrs. Marie Fowler, head cashier for the Rankin Drygoods company for seven years, has assumed the duties of Mrs. Clara Brucke, head of the advertising department. Mrs. Fowler had acted as relief advertising manager for two years. Mrs. Brucke has not announced her plans for the future.

City Judge J. F. Talbott and wife left here yesterday for an extended visit to Humboldt, Ia., former home of the Talbotts. During their vacation period, Judge Andrew Wilson, of Newport Beach, will be on the city bench. Judge Talbott formerly was district judge in that section of Iowa where Humboldt is located.

Members of G. A. R. post No. 17, and Sons of Veterans of Sedgwick post are ordered to assemble in the Santa Ana cemetery at 1 o'clock tomorrow afternoon, when they will participate in the funeral services for Comrade James M. Kanouse.

Guy Fitch Phelps will deliver a lecture in El Camino hall, Third and Ross streets, at 7:30 tonight. It was announced this morning by C. F. Havens. All sons and daughters of G. A. R. Veterans are urged to attend.

The county board of supervisors, meeting in regular session today in the courthouse, had their time occupied with matters of routine

JELLY AND JAM MAY BE LEFT IN LEGION HALL

Hoping that contributions to the annual jelly drive of the American Legion auxiliary this year will be the heaviest ever, Mrs. H. H. Reeves, chairman of the drive committee, today announced that jellies, jams and canned fruit can be left in the Legion hall, on Birch street between Third and Fourth streets, any time between 9 a. m. and 5 p. m., Friday or Saturday of this week. "Girls from the auxiliary will be present to receive the articles," said Mrs. Reeves. "The glasses and jars will be packed in boxes ready for transportation by Legionnaires, Sunday, to the hospitals to which the products of the drive will be assigned."

Mrs. Reeves said that the need for delicacies is great. "These jellies, jams and canned fruit," said Mrs. Reeves, "bring a touch of home life to the poor boys in the hospitals. It cheers them up just to be remembered and a taste of home-made jelly whets their appetites. I am hoping that several hundred housewives of Santa Ana, Tustin, Costa Mesa, Garden Grove, and Orange will send in one to a dozen or more glasses and jars of jellies and jams. They will never be missed at home and they will mean a lot to the sick and dying ex-service men in San Fernando and Sawtelle."

Banks Assumes Duties As City's Purchasing Agent

Lloyd Banks, city auditor, assumed his duties as city purchasing agent today, the new office being established to take over the duties of the office of city manager, which has been discontinued. W. G. Knox, who held the latter position, stepped out of office on August 31st. It recently was deemed advisable to combine the duties of the auditor's and manager's offices, the change being completed today. Banks had nothing to say this morning other than that he was to meet with the board of trustees this afternoon for a conference and more definite outline of his future operations.

YOUTH BREAKS LEG WHILE SWIMMING

Thomas Inch jr., 19, of 238 South Norton street, Los Angeles, suffered a broken left ankle when he fell in the water in Newport bay Sunday, according to a report made today.

He was swimming with a number of friends when he fell in the shallow water in such a manner that the bone in the left ankle snapped.

Inch was brought to the home of a relative, Mrs. Alice Turner, 108 East Eleventh street, where medical aid was given, and then removed to his home.

INQUEST JURY SAYS DEATH OF GIRL ACCIDENT

A coroner's jury, in an inquest over the body of Winifred Wilkinson, 21, of 418 South Fremont avenue, Los Angeles, who died of injuries received in an automobile accident near San Juan Capistrano, August 29, returned a verdict of death from a fractured skull received in an accidental manner.

The inquest was held in the Smith and Tuttle Funeral parlors this morning, after which the body was removed to Los Angeles for interment.

Miss Wilkinson died Sunday morning in the Orange County hospital without regaining consciousness. Joe Summers, of Los Angeles, and Miss Doris Green, Los Angeles, riding in the car with Miss Wilkinson, also were injured. They were treated in the Santa Ana Valley hospital. Summers is thought to have fallen asleep at the wheel, the car crashing into the side of a bridge.

ONE ARRESTED, THREE HURT IN KNIFE BATTLE

Three Mexicans were slashed by knives and a fourth is being held in the county jail on a charge of assault with a deadly weapon with intent to commit murder as the result of a free-for-all knife fight, staged in a Mexican pool hall in Westminster, last night.

Martin Vigil, 19, laborer, residing in Westminster, was arrested a half hour after the fight in his home, by Deputy Sheriffs Humiston and Elliott, after officers said he had been pointed out as the man who cut up two Mexican brothers and a third Mexican, unidentified.

The fight was over when officers arrived at the pool hall and a motive for the free-for-all was not learned. One of the Mexican brothers was cut on the left forearm and the other was slashed on the back and right hand.

\$1500 Judgment Ordered Against Sheriff Jernigan

Judgment in the sum of \$1500 was ordered today by Judge James L. Allen in the suit of the First National bank, acting as guardian of the estate of Earl J. Marsom, against Sheriff Sam Jernigan and the surety company holding his bond. Suit was brought for the sum of \$20,000.

The case grew out of the action of the sheriff on Jan. 12, 1927, when, by virtue of a writ of execution against Arthur R. Marsom, who at that time was guardian of the person and estate of Earl J. Marsom, he is alleged to have seized property of Earl Marsom.

The property of Earl Marsom at the time of the act of the sheriff was listed and itemized for a total value of \$20,000, which was the amount the bank endeavored to recover.

Police News

Thomas Lacey, 51, Los Angeles man, was arrested at Fourth and Spurgeon streets early this morning by Officer E. E. Perry on a drunk charge. Perry also charged that the man was begging.

Police were called to Camille and Bishop streets at 4:30 a. m. today, when it was reported that chickens in that neighborhood were being stolen. A search of the neighborhood failed to reveal any trace of the thieves. Officers A. T. Holmes and Clyde Flower answered the call.

J. O. Conn, Olinda, reported to Anaheim police yesterday that a small pistol had been stolen from his car while the machine was parked on an Anaheim street. The sheriff's office here was notified.

VISITOR HERE REMEMBERS TROUBLOUS DAYS OF CIVIL WAR AND INDIAN UPRISINGS

"Seventy-five thousand men! President Lincoln must be crazy to ask for so many." The speaker was a middle-aged farmer and his words were addressed to a town mass meeting of his friends and neighbors in Peru, Maine. It was just after Abraham Lincoln's famous call for 75,000 volunteers on April 15, 1861, following the firing upon Fort Sumpter.

Few persons now living remember those troublous times. A. A. Weymouth, of Pasadena, who visited in the home of his daughter, Mrs. Robert Speed, in Santa Ana, recently, remembers them clearly. As a boy of 13 years he attended the mass meeting mentioned and heard John Benchley, a neighbor, express that opinion of Lincoln's judgment. "I could take 15,000 men and march from one end of the south to the other!" the man shouted and there were scores present who believed he was right.

"Human nature wasn't much different then than it is today," Mr. Weymouth declared. My brother Alonzo and a neighbor were drafted and hit on a scheme together. Each took \$50 in \$10 bills. When they were called before the draft board of five men, each laid his \$50 on the table, said, "Five times 10 make 50," and walked out. Within a few minutes both were handed exemption papers, though each was a strong young fellow and sound as a nut. But Alonzo, having escaped the draft, enlisted a few days later and fought through the war.

Weymouth settled in Colorado in 1878, taking up a section of land when that state was a wilderness and hostile Indians were a frequent menace. Neighbors lived miles apart and Fort Collins, the nearest town, was 25 miles away.

"We came to Colorado right after the Meeker massacre," Weymouth says. "A man named Meeker declared publicly that the Indians would be friendly if they were treated right. President Grant finally gave him 13 sections of land as a reservation for 500 Ute Indians and made him Indian agent. Meeker proceeded to put his theories of kindness into practice. A few months later the Utes went on the warpath, killed every white man in the agency and carried off the white women. Meeker they dragged at the end of a riata until there was nothing left of him to tell the tale."

"While those Utes were on the warpath our neighbors all packed up their belongings and took their families to Fort Collins. But Florence (Mrs. Weymouth) and I stuck by the ranch. Several times the Utes came within a few miles of our place then turned in a different direction. But for days we kept two horses saddled in the stable near the house ready to fly for our lives at a moment's notice."

Mr. and Mrs. Weymouth came to Pasadena in 1892 and have lived there ever since. At one time Weymouth owned a 10-acre ranch in the midst of what is now the business district on East Colorado street.

The party had motored here from Los Angeles earlier in the day. Mr. Williams was left sitting in the car while his son, wife and other relatives were on the beach. A physician pronounced death due to natural causes. The body was removed to Long Beach.

MAN DIES WHILE SITTING IN AUTO

SEAL BEACH, Sept. 3.—G. W. Williams, 74, pioneer resident of Los Angeles, died in his automobile here yesterday afternoon from heart disease and was found by members of the family when they returned to the car.

HOLD DRIVER ON LIQUOR CHARGE AFTER MISHAP

Jack Jacobson, a longshoreman, of 790 Fourth street, San Pedro, arrested Sunday at The Arches on a charge of driving an automobile while under the influence of liquor, will be given a hearing here this afternoon before Justice Andrew Wilson, sitting in the city court in the absence of City Recorder J. F. Talbott.

Jacobson was arrested after the automobile he was said to have been driving ran down Byron Athan, 11-year Covina boy. The accident occurred at the bridge over the bay. The boy's right foot was crushed. He was taken to the Newport Beach hospital. State Traffic Officer George Peterkin arrested Jacobson after the number of his car had been telephoned to The Arches, where the officer was on duty.

SET TRIAL DATE

Trial of N. C. Nye, of 509 1-2 South Broadway, arrested several days ago on a charge of driving an automobile while under the influence of liquor, was set in Justice Kenneth Morrison's court this morning for 9 a. m., September 12. Nye is free on bail. The car he is said to have been driving collided with a machine owned by Dr. Roy S. Horton.

47 Years' Practice Taught Dr. Caldwell

Many things about Men and Women

Dr. Caldwell loved people.

He studied the habits of his patients and tried to improve their ways of living. His observations over a long period of time convinced him many people were ruining their health by a careless choice of laxatives. Then he determined to write a prescription which would get at the cause of constipation and correct it quickly and safely.

How successful his efforts were is best shown by the fact that the prescription he wrote back in 1885 has become the world's most popular laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness, and lack of appetite, or energy showed him that the bowels

of men, women or children were sluggish. It proved successful in the most obstinate cases. So men liked it. Old folks liked it because it never gripped. Children liked its pleasant taste. And everybody is pleased with the gentle way it accomplishes its purpose.

By 1888, the demand for this laxative was so great that the doctor permitted it to be bottled and sold by drugstores. Today you can obtain Dr. Caldwell's Syrup Pepsin from any drugstore in the world.

PAIN IN YOUR SHOULDER? Use Tysmol for Relief

Knife-like jabs of pain in the vicinity of the shoulder blade are generally due to neuritis, brought on by exposure to draughts or sudden changes of weather. In some cases there is stiffness or soreness in the muscles, making it difficult to raise the arm.

The safest and easiest way to relieve such an attack is to apply a small quantity of Tysmol over the affected area. This soothing, healing preparation is quickly absorbed through the pores and carried to the throbbing, aching peripheral nerves. The pains usually stop at once, and in a very short time the last trace of soreness should disappear.

Tysmol is absolutely harmless—free from dope. Recommended for all forms of nerve pain, whether caused by neuritis, neuralgia, sciatica or rheumatism. Sold by leading druggists. Always on hand at

C. S. Kelley Drug Co.

Tables so often make a room more homey!

There is a wealth of decorative opportunity in well chosen accessories. End Tables—Occasional Tables—Coffee Tables—Lamps—Book Ends—they all play a very important part in every well groomed room. Study your Living Room for a minute. Are there enough tables placed advantageously—has your Living Room that homey, comfortable atmosphere. Is its present arrangement inviting?

Many homes are "table shy" . . . perhaps yours is one of these. If so, come in today and see some of the groupings we have just arranged.

...let us suggest

that you visualize the sketch above—eliminate the Console and End Table—how blank and empty the room seems without them. Now view your own Living Room, and if a certain emptiness is suggested, come in and make a selection from our unusually large display of Occasional Tables in an exceptionally wide price range.

Here is a colonial piece of quaint charm. The top is of beautifully matched striped mahogany over genuine American gumwood.

Note the friendly charm that is reflected in this four-legged End Table. A most interesting piece.

50 DEGREES

is more than the mark on a thermometer

To many people 50 degrees means a mark on a thermometer, but to those who know, it is a blazing signal. At that temperature stands the big dividing line between correct and incorrect refrigerated food.

A few degrees above fifty and bacteria multiply with speed... foods become contaminated, unsafe to eat. They must be thrown away... they are a total loss. A degree or two below fifty... bacterial growth is checked, foods remain safely fresh and wholesome for as long as you may care to keep them. Wastage is done away with and health is safeguarded.

The General Electric Refrigerator always automatically maintains a temperature several degrees below fifty... without any regulating or attention. It makes all the ice cubes you want, never needs oiling, has an accessible freezing regulator to speed up the freezing of desserts if you wish. The cabinet is all steel, strong, warp-proof and very easy to clean. Come in and let us show you the various models.

This record stands alone

Every General Electric Refrigerator is Hermetically Sealed

We endorse the National Food Preservation Program. 50° is the safety point for perishable foods.

There are now more than 300,000 homes enjoying the convenience, economy and protection of General Electric Refrigerators—and not one owner has ever had to spend a single dollar for repairs or service.

GRANDEST EVER MADE, STATES CALIF. WOMAN

"I don't believe a medicine ever did as much for anyone as Sargon has done for me. It restored me to health and gave me an entirely new outlook on life."

MRS. E. W. ELLIOTT

"There were many times in the past five years that I was so ill I thought sure the end was near. No matter how little I ate, I suffered terribly from indigestion. Some nights the pains would be so bad I couldn't sleep at all. I got so nervous and weak from bad sick headaches and dizzy spells that I was actually afraid to go down town. Constipation had worried me for years. "Finally I started the Sargon treatment and it helped from the very beginning. I now eat heartily of anything I like, with never a sign of indigestion. The pains have gone and I haven't had a headache or a dizzy spell since I started the treatment. Sargon Soft Mass Pills completely overcame my constipation and my whole system is toned up. Sargon is the grandest medicine ever made and I would feel most ungrateful if I didn't tell others about it."

The statement above was made by Mrs. E. W. Elliott, 2211 Oros St., Los Angeles. Sargon may be obtained in Santa Ana at Schramm-Johnson, druggists.—Adv.

Majestic Radios—Popularity Winners

It is logical that the most popular girl in this community receive a Majestic radio. More than 50,000 of these famous radios have been bought in Southern California in less than 15 months. Majestic has won its place as the most popular of all instruments, because it represents the outstanding value in radio today. Point by point—feature by feature—Majestic is the equal, and often the superior, of many instruments selling for twice the price.

HE'S CADDYING FOR CHAMP

Othello Nervo, 16, of Monterey, Calif., admits he's the luckiest caddy in the world. For he was selected by lot to do the club caddying for Bobby Jones, American champion in several classes, in the national amateur tourney at Pebble Beach.

Homans Sets Early Pace In Amateur

GALLERY WAITS TO SEE JONES, DUNLAP ROUNDS

PEBBLE BEACH, Calif., Sept. 3.—Eugene V. Homans, slim, dark-haired Englewood, N. J., amateur, took a temporary lead over the field in the qualifying test for the 33rd national championship today, with a 36 hole aggregate of 145.

The former metropolitan amateur champion, who had a par 73 for his first round, added a 73 today.

While Homans was completing his second round, half a gale was blowing in from the Pacific ocean, causing him difficulty at the last two holes and threatening to blow the scores of the later starters sky high.

Perfect golfing weather favored him at the start of his round, but shortly before noon a stiff breeze blew up.

Ocean Green Troublesome

A disastrous five at the short seventeenth, which juts out into the ocean and is exposed to all the gales that happen to be blowing, cost the New Jersey amateur his chance to set a really scorching pace. He was one under par going to the 17th.

Only a few hundred spectators were on hand to watch the second qualifying round this morning, the crowd apparently choosing to wait for Bobby Jones and Gibson Dunlap, the first day's leaders, who had late starting times.

Bill McNeill, of Norwalk, Mass., first to finish his 36-hole qualifying test, had an 81 today to add to his 80 of yesterday, his aggregate of 161 putting him well outside the ranks of probable qualifiers.

The first of the Northwest delegation to go out was Ben Stein, of Seattle, and his initial effort was not startling. Stein reached the turn in 43, seven over par.

Dr. Walter Over Par

Dr. Charles H. Walter, of Oakland, who was senior national amateur champion last year, had 41 to the turn.

D. H. Sangster, of Inglewood, Calif., who had 79 Monday, started out 4-4-4, one under par with a birdie at the second hole.

Rudy Wilhelm, of Portland started in par figures for the first three holes 4-5-4.

"Chick" Evans, popular ex-champion, who had an 81 Monday, started out in par figures today.

Another of the former amateur titleholders, Jess Sweetser, who took 78 Monday, also was shooting par golf at the start of his second qualifying round. His partner, Gus Kovotny, of Lagrange, Ill., kept pace with him. Both began 4-5-4.

Rudy Wilhelm, of Portland, reached the turn in 36, even par.

DUNLAP STEALS JONES' GOLF THUNDER

BY DAVIS J. WALSH
(L.N.S. Sports Editor)

PEBBLE BEACH, DEL MONTE, Calif., Sept. 3.—Billed and three-sheeted everywhere as a one-man show, amateur golf found itself with something like a brother-act today when the curtain went up on the second half of the national championship's qualifying round and Robert T. Jones Jr., the original star of the piece, and young Gibson Dunlap, the overnight sensation, were seen full in the spotlight's glare.

This was not in the original script, which called for Jones to go right out, pronto, break the course record and make a fool of his field.

He did everything the continuity called for, at that, and it was not even a fragment of his fault that subsequently the 20-year-old undergraduate at California's Southern branch in Los Angeles was destined to do exactly what Jones did even to the breaking of a record that had been Jones' only 10 minutes before.

So today they were to resume the matter on a double-column basis, young Dunlap with his 69, three under par, and Jones with his 70, with the qualifying deadline only 13 holes away. For Jones and Dunlap and Harrison Johnston, who had held the course record for five minutes with a 72, it was to be a contest for the medal, a trophy that Jones probably didn't want.

For many of the others, it was to be a desperate fight to survive, a battle to still live on when after the inevitable distinction between lambkin and goat had been drawn at the end of the day.

Using a strictly stock motor, H. G. Ferguson, the world champion outboard driver, recently made 47.28 miles an hour with the Johnson Blue Streak IV.

Tustin Will Begin Drill On Thursday

Hardly before he has shaken his "train legs," Coach Bill Cole will preside over a football practice at Tustin high school where the big fellow this year begins his third term as head mentor.

Bill Cole

Cole will arrive tomorrow from Dallas, Tex., where with "Tex" Oliver of Santa Ana he has been attending the Warner-Rockne football school. The next afternoon he will have his proteges in uniform.

The coach sent word here today that he wants to meet all his candidates Thursday afternoon in the Tustin gymnasium. Tustin prospects are considered better than usual and with Fullerton out of the Orange league even entertains championship ambitions.

CONTRERAS AND MACIAS BATTLE HERE TONIGHT

Slam-bang fighters of the old school go postwar at the Orange County Athletic club here tonight.

"Wild Man" Macias, Los Alamitos middleweight, meets Joe ("Gorilla") Contreras, San Diego, in the eight-round main event, and Joe Reese faces Pete Toft in the six-round semi-final.

A six-round special event and two four-round preliminaries will support the show.

Although Macias is quite capable of upsetting all forecasts, Contreras ruled a slight favorite today to win, probably by a knockout. The San Diegoan is one of the most determined offensive battlers ever to appear at Henry T. Foust's southside arena, a rarin' to go with both fists flying.

Promoter Foust believes the Macias-Contreras contest will be the wildest main event he has ever offered his patrons.

The match has an unusual angle in that the crowd actually asked the matchmaker to match the pair the night it saw Contreras punish Reese here.

MEYER WINS MOTOR GRIND AT ALTOONA

ALTOONA, Pa., Sept. 3.—For the second consecutive year, Lou Meyer, of California, is the champion American automobile racing driver. He won yesterday's 200-mile A. A. A. race on the Altoona speedway, his third straight victory here.

Flashing to the front when Cliff Bergere, Hollywood, Calif., was forced out of the race by engine trouble, Meyer finished first in 1 hour, 46 minutes, 36.8 seconds.

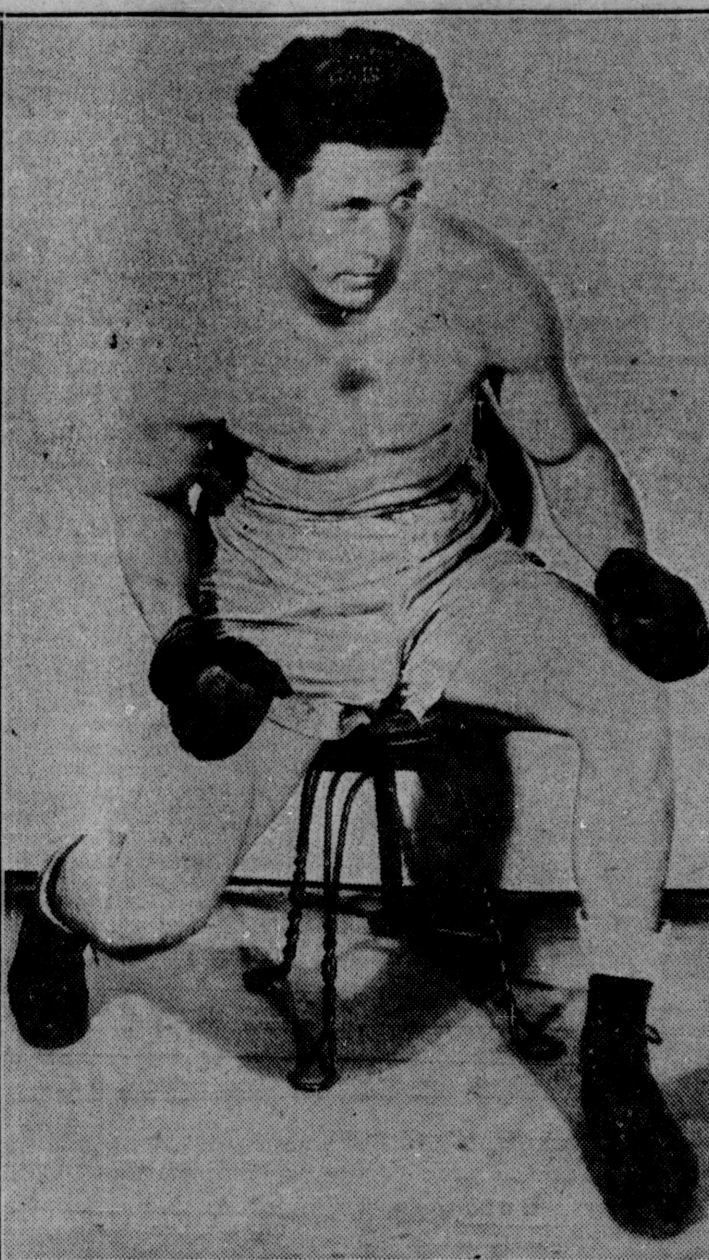

Bergere, who had set the pace from the start until the 17th lap, looked like a certain winner when his motor burned out. He had but ten miles to go to win. His car was without gas or water when he arrived at the pit.

ROUGH, TOUGH AND RUGGED

Rough, tough and rugged Joe Contreras, called "gorilla" and "caveman," is all set for his battle at the Orange County Athletic club here tonight with "Wild Man" Macias. Experts claim the match should be one of the wildest slugging bees seen here in months.

Pomona And Riverside In Tilt Tonight

Meeting on the neutral floor of Santa Ana's Bowl, Pomona and Riverside tonight will fight it out here for the championship of the American Night Baseball league and the right to play Long Beach, Orange County league winners, for the Southern California title.

The two inland squads closed their regular schedule tied for first place. A best two-out-of-three series was begun to determine the championship. Pomona won the first in 10 innings, 2 to 1, and Riverside the second, 5 to 2.

Every seat in the Bowl will be reserved and virtually every ticket has been sold to Pomona and Riverside fans, who take their night baseball even more seriously than local followers of the sport.

"Eeny" Wilcox, president of the Santa Ana Night Ball commission, made a flying trip to Riverside today and the best he could do was to obtain 200 tickets for Santa Ana. These will be sold to the earliest bidders at the usual rate, 25 cents. They may be obtained at the El Corral service station, Third and Birch streets, until 6 o'clock at which time those remaining will be taken for disposal to the main gate at the Bowl.

There is a bare possibility, also, that a few extra tickets will be turned back by either Riverside or Pomona at the last minute but this is by no means certain.

Santa Anans unable to purchase tickets will be allowed to line the banks of the Bowl or watch the contest from "Tightwad Hill." Early birds also can park their automobiles on the rim of the ball park as they will have the bulge on inland fans in this respect.

With the two inland cities moving here almost en masse, a large gathering from Arlington, Ontario, Colton and Whittier assured and Santa Ana and other Orange county cities sure to add their

COACH OLIVER CALLS MEETING OF MEN FRIDAY

Every mile that Coach "Tex" Oliver traveled on a transcontinental train today brought football just that much closer to Santa Ana. Choices morsels of football food even preceded the fiery leader back to his home here.

So anxious to get back into harness that he couldn't wait until his arrival in town tomorrow noon Oliver wired the following salient facts to his Saint football candidates:

(1) Suits, headgear, socks and other necessary paraphernalia will be issued to high school players the hours of 3 and 6 o'clock on Friday, September 6.

(2) Candidates will be asked to meet Oliver for 30 minutes in Andrews gymnasium Friday night.

(3) Actual practice will begin on Poly field on Tuesday afternoon, September 10.

Accompanied by Ralph (Bill) Cole, Tustin high school mentor, Coach Oliver is returning here from Dallas, Tex., where they were students at the school for football coaches directed by Knute Rockne and "Pop" Warner, famous collegiate grid directors, at Southern Methodist university.

Oliver and Cole were due in San Francisco today. They will entrain on the lark tonight and will arrive here about noon tomorrow. Enroute to Santa Ana, they stopped off in Denver, expecting to visit "Jeff" Cravath, Santa Ana's All-American center, who will coach Denver university's gridmen this fall, but were disappointed as Cravath is on his honeymoon and will not report at Denver for several days.

ATHLETICS AND HUBER, LACY IN CHICAGO CUBS COUNTRY CLUB NEAR PENNANTS GOLF VICTORIES

By GEORGE KIRKSEY
United Press Staff Correspondent

NEW YORK, Sept. 3.—Swinging into the home stretch, the Chicago Cubs and Philadelphia Athletics are in a position to clinch the pennants in the two major leagues 10 days before the close of the season Sunday, October 6.

It is quite possible that they will remove all but a slender mathematical chance separating them from the championships within the next seven or eight days.

The Cubs hold a 11 1/2 game lead over the Pirates and need 16 victories in 27 games to clinch the National league pennant regardless of what Pittsburgh does.

The Athletics hold a 12 1/2 game lead over the Yankees and need only 13 victories in 27 games to clinch the American league pennant regardless of what New York does.

Connie Mack's crew delivered a staggering blow to the Yankees' hopes of even making a fighting finish by taking two games from the former world champions yesterday before an aggregate crowd of 71,000, 38,000 seeing the morning game.

(Continued on Page 9)

Only one golfer, Mark B. Lacy, salesman of the Cadillac Garage company, was able to gross less than 80 at the Santa Ana Country club yesterday when 60 members trooped around the bunkered fairways in their annual Labor Day tournament.

Lacy got down to 77 and won a cup for low gross. A. Dean Collier's 84, next low, also was good for a trophy.

J. P. Huber had low net, a 72, and also received a trophy as did Dr. M. A. Patton who was second low net with 73.

After Huber and Patton came Lacy's net 73, R. A. Mosher and L. D. Coffing with 74's, and Hugh Shields, E. K. Gerhardt and E. T. Mateer with 75's.

Labor Day Class A sweepstakes were won by Lacy and Dr. Patton, with Lawrence Coffing third. W. K. Hillyard and V. V. Tubbs tied in Class B with 76's. Milburn Harvey's 91-18-79 was third and H. H. Williamson's 93-18-80 fourth.

Class A match play Sunday went to B. V. Curry, who was two down. R. E. Graves was five down and E. T. Mateer, Ed Holmes and M. B. Lacy all six down. E. Robbins won in Class B. He was one down. Herbert L. Miller was three down. F. G. West and Hugh J. Lowe tied for third, both five down.

L. D. Coffing's 82-12-70 was best in Class A medal play sweepstakes Saturday. J. K. McDonald, 76-5-71, was second, and E. T. Mateer, 83-10-73, third. Milburn Harvey won the Class B competition with 91-18-73. E. Robbins and Paul Williams, both 94-20-74, were second. J. W. Beach, 97-22-75, was fourth.

RIVERSIDE AND POMONA CLASH HERE TONIGHT

(Continued from Page 8)

dyed-in-the-wools to the mob, the largest crowd that ever saw a night baseball game is virtually certain.

Chico Sabella, the great right hander who pitched for Pionne's Nite Hawks last summer, will hurl for Pomona. "Silent Jimmie" Duncan probably will get the call for Riverside. Among the players with Pomona is "Odie" Goodman, former Santa Ana high school athlete.

Despite the presence of the great Sabella, one of the night baseball's leading gunners, Riverside is rated as a slight favorite. Those who have seen the clubs in action this season claim that Riverside has better hitting, better fielding and better baserunning and that Duncan has developed into a pitcher almost Sabella's equal.

The New York Giants were definitely put out of the race yesterday when the Phillies won the second game of a doubleheader. Should the Giants win all their remaining games, they could not win the pennant even if the Cubs lost all of their remaining games.

Portland Beavers Drop League Lead

PORTLAND, Sept. 3.—Despite its recent sensational winning spurt, the Portland baseball club of the Pacific Coast league slipped back to second place yesterday when the Hollywood Stars took both sections of a double-header from Sacramento while the best Portland could do was to divide a twin bill with Los Angeles.

24 HOME RUNS HIT BY MAJORS IN DAY

NEW YORK, N. Y., Sept. 3.—Those skeptical souls who have been loath to admit that the present day baseball is a combination of Jack rabbit and dynamite should be convinced today.

The holiday double-headers produced 24 home runs with everybody save Babe Ruth and Judge Landis being included in the hitters. Coupled with an avalanche of singles, doubles and triples, 109 runs were blasted out in the National with the American coming through with 33. Such hitting and such scoring makes it seem more than a suspicion that the present day ball is not the sedate old sphere it used to be.

Guy Bush of the Cubs calls his overhand fast ball his "whizzer." . . . He has a side-arm fast ball, too, which he calls the "leaser." . . . He speaks with a southern drawl, and when he was at Wichita Falls, Tex., he say, "Ah must have worked every othah day thesh." . . . Nineteen years ago the Athletics battled a Chicago team in a world series. . . . There were stirring pitchers' battles in that series . . . and there may be some more. Newell Banks, the checker champion, says he has spent five times as much time studying the Bible as he has playing checkers. . . . He says that the Bible taught him that Newton's law of gravitation was all wet . . . and he could prove it to you, but "it would take three or four days." . . . Lord Charles Hope, British amateur, took an eight on a hole in 1920 and failed to qualify . . . They asked him how he could possibly have taken an eight. . . . He replied, "Easy enough, my dear man."

HORNBY'S GREAT PLAYING

Owner Bill Wrigley isn't sitting up nights chewing his fingernails over the Cub situation at second base. It looks as though Hornby will be able to handle that for awhile. During the last few weeks of the campaign the Rajah has hit his true stride. The other day against Cincy he couldn't get any more than four blows because he only got four chances to bat. This should be a great series for the Rajah, who is a good money player.

RAZZING MR. GROVE

Chicago cameramen have declared war on Robert Moses Grove, ace of the Mack slab staff. The other day a bunch of the boys approached the demon southpaw for a picture.

"I'm too busy to monkey with you guys," was Grove's reply. One of the other players advised the cameramen to go over and ask Connie to order Mr. Grove to stand for his picture. Grove overheard the suggestion.

"If you do, you don't get nothing," declared Grove. "You go chase yourself," rejoined the photographer. "We won't bother taking your picture."

And they didn't. Furthermore, the White Sox backed up the "shutter guys," as cameramen are called on the ball diamond, by pounding Mr. Grove out of the box.

NOTED AUTHOR
VISITOR HERE
SEEKING HOME

J. A. Borlase, nationally known newspaperman and poet, was a visitor in Santa Ana over the week end. Borlase is making a tour of the country preparatory to making his residence somewhere in California.

Formerly editor of a Colorado newspaper, Borlase perhaps is best known as the author of "The Battle of Pershing Square," a satirical poem on Los Angeles' famous park.

The visitor is known throughout the country for his satirical comments on affairs of the day, which appeared in his paper and which have been quoted in leading journals of the country. His latest experiment in the field of journalism is a method of advertising by the use of poetry.

"The use of poetry as a means of expression is becoming more and more common," he declared, "and today it is five times as strong a factor as it was a few years ago. Everywhere the youths of today are editing their own annual poetry magazines, a thing unheard of in the past."

Borlase expressed delight over the two poetry books edited by Santa Ana high school and junior college students, "The Owl Speaks" and "The Tavern Post."

Borlase's latest literary effort was inspired by a visit to Long Beach, where he noted the passing of the famous old Long Beach pier. Visitors from every state in the union have been in the habit of gathering on the pier for informal discussions of prominent questions of the day. Borlase's version of a day on the pier as recently copyrighted by the author, is printed here with his permission:

"Down on the pier—the Long Beach pier;
Time—every day of every year;
Assemble men of mighty mouth,
From East and West and North
And South.
The reason why they gather here,
You'll ascertain,
If you'll come down and lend an ear
And bring your brain.

"Above the din of ocean's roar,
True eloquence—and something more
Is audible. Yea, every sound
Is detonated round and round.
In fact, no other place on earth
(Now get this straight)
Can peer this pier in wordy worth
And oral weight.

"Demosthenes and Ingersoll,
No doubt, come down to hear it all;
And then, abashed with envy,
cheer
The orators of Long Beach pier
Pegasus, inspiration's steed,
(I'll put you wise)
Squirts coca cola in his feed
To pep these guys.

"No thesis on theology,
No problem of philosophy,
No neuria of neurology
Can turn these men to sophistry.
No mental feast of luscious lore
(Take note of this)
Was ever masticated more,
Without a miss.

"Lequacious giant never stood,
With head erect, on dais wood,

"RICHEST CONVICT"

America's "richest convict," Damascus G. Gallur, the famous composer-leader at San Quentin prison, has been paroled. Through his musical compositions while in prison, Gallur (center) amassed \$83,000, and leaders in the musical world joined in the fight for his release. Gallur is shown between Thomas D. Van Osten, secretary of the Allied Amusement Industries of California, and Chaplain Stairs of the Salvation Army.

ANAHEIM CITY PARK, ONE OF
SOUTHLAND'S MOST BEAUTIFUL,
DRAWS THOUSANDS OF VISITORS

What nine years ago was a 20-acre orange grove on the outskirts of Anaheim today stands as Anaheim's municipal park, one of the most beautiful recreational parks in the entire Southland and, according to city officials in the Mother Colony, the transformation shows what may be accomplished in the way of parks by working on a well-defined program.

The site was purchased in 1920 for \$90,000 and the cost of the recreation center to date has been \$224,000, exclusive of the beautiful Greek theater, which was built at a cost of \$45,000.

The establishment of the park was part of a well formulated plan and before the ground was prepared for setting out the trees and shrubs, the appointed place for each tree had been designated in blue prints prepared by expert landscape artists.

Vote Two Bond Issues
A bond issue of \$100,000 was voted in 1920 and another for the same amount in 1923. The cost of

More consummately erudite
Than men who stick here, day and night.
If savants, scientific, knew
(Oh cruel fate!)
The science their pier persons
brew,
They'd emigrate.

"No pier upon Elysian shore
Could ask for less and garner more;
No other pier beneath the sun
Can boast of making Satan run.
No other men, devoid of fear,
(Now, listen—ye!)
Perplex the patriarchal ear
As these men do.

"No angel ever trod a path—
To see his girl or take his bath—
More sacred to cognition's store
Than paths which trace this plat-
form o'er.
Indeed, if Hominiidae pass
From Earthly land;
If mortal men all go to grass,
This pier must stand."

BUT FOUR DAYS
LEFT TO ENTER
MOVIE CONTEST

With but four days remaining for contestants in the Santa Ana Movie club story contest to submit entries to The Register, a final warning was released today by Movie club officials to speed their manuscripts to the judges. Fifteen dollars in cash is to be awarded the writer of the first prize story and valuable merchandise awards will be given for the second and third best plots.

All entries must be received at The Register office by Saturday to receive consideration and the winners will be announced September 13.

Stories must be limited to 1000 words and entries of a shorter length are more acceptable. The winning plot will be made into a successor picture to last year's "College Daze" and will be ready for showing here by the first of the year.

The famous "Collegians," a popular motion picture series, will show what the high school group wants in the way of story type and length. The Santa Ana film, when completed, will be the same length as the "Collegians" pictures.

No literary ability is needed to write a prize winning story in this contest, Ted Newcomb, club president, announced today.

An outline or sketch of the plot is all that is needed to draft a scenario from.

"Just put down your idea in as few words as possible and the judges will do the rest," he declared. "Many are hesitant about submitting stories because they think they lack necessary literary talent. It is not needed. What we want is your ideas and the manner in which they are presented will not detract from their value."

D. K. Hammond, principal of the Santa Ana high school; J. F. Burke, editor of The Register, Clyde Gilbert, motion picture photographer; John Rantz, district manager of the Fox-West Coast theaters, and Ted Newcomb, club president, judges, will determine the winners next week.

A \$5 fountain pen, donated through the courtesy of the Santa Ana Book store, and a Brownie autographic camera are among the merchandise awards to be made. Manuscripts should be mailed to the Santa Ana High School Movie Club Contest Editor, care of The Register, as soon as possible. The contest closes September 7.

Hershey To Pilot
Airplane Between
Denver and Texas

Hadley Hershey, Santa Ana aviator, who for the last several months has been connected with the Eddie Martin airport, and prior to that employed by the Zenith Aircraft corporation, will leave here Thursday to enter the service of the Mid-Continent Air Lines.

He is to report in Denver and will fly between that city and El Paso.

The Mid-Continent Air Lines is a subsidiary of the Standard and Western Airlines.

NAVY FLYERS STAGE DARING FEAT

Here's how an airplane was hooked on to a giant dirigible and a passenger transferred to the plane in mid-air in the first test of the kind ever made, witnessed by 100,000 awed spectators at the National Air Races at Cleveland. Lieutenant A. W. Gordon, navy flyer, below, hooked his standard navy fighting plane (shown below) to a device lowered from the Los Angeles and Lieutenant Calvin Bolster climbed down to the plane. Above is the Los Angeles over the airport, with an arrow indicating a sketch showing how the hook-up between plane and dirigible was made. The thrilling mid-air stunt was performed to demonstrate the ability of dirigibles as airplane carriers, as the two new dirigibles now being built for the navy will each carry several planes to take off and return in mid-air.

TRUCK DRIVER
JAILED HERE ON
LIQUOR CHARGE

Van Robinson, 31, truck driver, of 406 Spurgeon street, was arrested at Sixth and Main streets, yesterday afternoon, by Sgt. B. A. Hershey, after the automobile which Robinson was said to have been driving had collided with a car operated by C. H. Willman, of 3405 Park boulevard, San Diego. No one was reported injured in the accident.

Hershey, who was a witness to the accident, reported that the Robinson car sideswiped the other machine. Carl and Gladys Willman were in the machine with C. H. Willman at the time.

Robinson was lodged in the county jail, booked on charges of driving an automobile while under the influence of liquor and breaking glass on the pavement.

Officers charged that soon after the collision Robinson threw a bottle of gin to the pavement.

Hold Funeral Of
Harry E. Sleeper

Funeral services for Harry E. Sleeper were held at the Harrell and Brown undertaking parlors this afternoon at 3 o'clock, with Wilfred Rountree of Costa Mesa officiating. His death occurred Saturday evening in Santa Ana. Interment was at Fairhaven.

Mr. Sleeper was a well known former resident of Costa Mesa, living on Twentieth street just off of Newport boulevard for the past eight years with the exception of the last year when he moved to Santa Ana.

He is survived by his wife, Alveretta Sleeper, and two sisters living in Massachusetts.

TO CELEBRATE
'HOME-COMING'
FOR POTENTATE

Although over a month in the future, the outdoor ceremonial which Shriners of Southern California will stage in Irvine park, on October 5, already is planned in all but its minor details, and the Orange County Shrine club, whose members, under Noble Charles J. Cogan, president, will be hosts on the occasion, is planning many special features in compliment to LeRoy M. Edwards, illustrious potentate of Al Malaksh Shrine, Los Angeles, who will preside at the ceremonial.

For the occasion will be a "home-coming" for the potentate, a native son of Santa Ana, whose father, the late Col. E. E. Edwards, not only introduced the bill into the legislature creating Orange county, but also served as the new county's first district attorney. A feature of the motor caravan, which, starting from Los Angeles at 10 a. m., will pass through the larger cities enroute to the park, including Santa Ana, will be the fact that in this city a special demonstration will be held at the residence where the illustrious potentate first saw the light of day.

The first event of importance after reaching the park will be the barbecue dinner, for which plans are being made by Noble Cecil M. Hall, official purveyor of Al Malaksh temple, who anticipates a crowd of 5000 Shriners.

Since this is the first outdoor ceremonial to be held for a number of years, interest has been aroused throughout the Southland and several hundred candidates will be conducted across the proverbial "burning sands" of the Shriners' desert. The potentate will ascend his throne about 3 o'clock, according to the pre-arranged program, and the ceremony will be concluded about 4 o'clock. Petitions for initiation will be accepted up to the last minute, as was stated.

Former Santa Ana Girl Is Hostess at Tea

Very lovely and charming was the shower given by Mrs. Robert Davidson, formerly Miss Marjorie Pollock, of Santa Ana, at her home, 105 North Harvard avenue, Fullerton, to compliment Mrs. M. Woods of Orange.

Cottles were enjoyed during the pleasant afternoon and when scores were added and it was found that Mrs. Earl Campbell was high she was presented with a beautiful bud vase in a bronze standard. Mrs. Harold Kent Pollock, who was low, received an attractive jar of bath salts.

After the games, covers were laid for a delightful refreshment course which was served by the young hostess with the assistance of her sister, Miss Florine Pollock. The guests included Mrs. M. Woods, Miss Mavis Campbell, Miss Janet Eliah, Mrs. Robert Johnson, Mrs. Earl Campbell, Mrs. J. L. Clayton, Mrs. Karl Glassbrenner, Mrs. Percy Green, Mrs. L. M. Gulick, of Orange; Mrs. Harold Kent Pollock and Miss Florine Pollock of Santa Ana; Mrs. Ensey Campbell of Garden Grove; and Miss Bonnell Miller of Long Beach.

Pretty Home Wedding Takes Place on Sunday

The home of Mr. and Mrs. Thomas A. Morris of 325 West Eighteenth street was the setting for a pretty wedding Sunday night when their daughter, Miss Elsie Morris, became the bride of Moses A. Simpson.

Lovely summer flowers were used in profusion throughout the home and an altar of flowers was arranged beneath an arch of ferns lighted by candle light.

The bride was gowned in pale pink with accessories in harmonizing tones and she carried a bridal bouquet of roses, lilies of the valley and maidenhair fern. Her dainty lace handkerchief had been a part of her mother's bridal costume. She was attended by her sister, Mrs. Frank Merget, who wore yellow georgette, and Miss Marie Voigt, of Redlands.

The bride's brother-in-law, Frank Merget, served Mr. Simpson as best man.

As the bridal party advanced into the room and took its stand before the Rev. George A. Warner, pastor of the First Methodist Episcopal church, the soft strains of Lohengrin floated into the room and as the ceremony progressed offered a lovely accompaniment to the service.

After a reception, the bride donned a smart blue ensemble for a honeymoon trip to places of interest in Northern California. On their return, Mr. and Mrs. Simpson will make their home in Compton where Mr. Simpson is connected with the Industrial Fuel company.

Guests at the wedding were Mr. and Mrs. W. C. Hutton, Mr. and Mrs. Theo Osborne, Mr. and Mrs. E. A. Noe, Mr. and Mrs. George Exelle, Mr. and Mrs. F. A. Merget, Mr. and Mrs. J. A. Morris, Mr. and Mrs. L. D. Shirley of San Pedro, Mr. and Mrs. E. F. Merrill of Orange, Mr. and Mrs. A. C. Hutton and Mr. and Mrs. Harvey Morris of Colton, Mr. and Mrs. Harry Ball of Compton, Mr. and Mrs. Donald Hall of Long Beach, Miss Gertrude Jickie, Miss Elizabeth Morris, Miss Marie Voigt of Redlands, Robert Morris and Merrill Hutton of Compton.

Bountiful Picnic Dinner Is Followed By Games

An afternoon of games, followed by a bountiful picnic dinner and evening amusement features, provided a happy occasion Saturday for members of the Caretakers' association of the Santa Ana schools, about 75 of whom were present, including wives and children.

The game program was introduced as the afternoon feature, and furthered the zest with which the dinner hour was welcomed. The long picnic tables were inviting with their white cloths and great clusters of flowers, to say nothing of the delicious contents of countless picnic baskets.

A short program of toasts and talks was directed by Charles Dean, vice president of the organization, who presided as toastmaster. J. A. Cranston, city superintendent of schools, spoke eloquently upon co-operation in school work between all branches, the caretaker, the teacher and the student, and its effect on building young Americans for the future.

In an interesting talk given by R. H. Drake, superintendent of grounds and buildings, much data was given on the progress of the Caretakers' association and the work of the past year, while some idea of the coming year's program was given.

Wedding Announcement Made at Sorority Function

At a charming party given at the Alpha Sigma Delta sorority house at the University of California at Berkeley, Miss Alice Andre Reeve, daughter of Mr. and Mrs. Lyman Tremain of this city, announced her engagement to Jean Allen Hodges of Berkeley.

The announcement was made at a musical tea and the secret was told in a novel manner. During the afternoon a large box of candy was delivered to the hostess and when she opened the box she found a card bearing the names of Miss Reeve and Mr. Hodges.

During the excited congratulatory period which followed Miss Reeve received a basket of lovely pink rose buds, the gift of her mother and aunt.

Miss Reeve attended the Fullerton high school and following her graduation entered the University of California. Her fiancé is a Berkeley man and he graduated from the university in 1927.

Fullerton Couple Is Married Saturday In Glendale

The wedding of Miss Frances Charlotte Shepherd, daughter of Mr. and Mrs. H. W. Shepherd of Fullerton and formerly of Santa Ana, and James Cecil Strawn, son of Mr. and Mrs. J. N. Strawn of Fullerton, was solemnized in the Little Church of the Flowers at Glendale Saturday night.

Preceding the service which was read by Dr. Graham C. Hunter, pastor of the First Presbyterian church of Fullerton, Miss Otele McIntosh, a sorority sister of the bride, sang "O Promise Me" from the opera, "Robin Hood," by Reginald De Koven with Miss Anita Shephardson playing the accompaniment.

As the first notes of the Lohengrin wedding march, played by Miss Shephardson, filled the church the bridal party entered and approached the altar.

The bride entered upon the arm of her father who gave her in marriage and she was gowned in ivory satin made with a long tight fitting bodice and full skirt which fell in graceful folds to the floor. Her veil of tulle and lace was caught to her with clusters of orange blossoms and she carried a shower bouquet of roses and lilies of the valley.

Mrs. Elmer Eggers who was formerly Miss Cynthia Shepherd and is herself a bride of but a few months attended her sister as matron of honor, wearing coral tulle over taffeta in the same lovely hue. She carried yellow roses and delphinium.

Bridesmaids were Miss Wilma Strawn in yellow organdy and tulle and Mrs. W. H. Marx in a similar frock in green. Both young women carried lovely French bouquets.

Francis Parsons of Santa Maria served as best man and the ushers were John King and William Lundeburg.

After a reception which was attended by many college friends of

the two they left for a honeymoon at Santa Barbara and other points of interest in that vicinity.

The bride attended school in Santa Ana for several years, afterwards transferring to Fullerton. She spent several years at the University of Cincinnati and graduated at the University of California at Los Angeles where she was affiliated with the Alpha Delta Pi sorority.

Mr. Strawn is also a graduate of the Fullerton schools and an alumnus of the University of Southern California. Since his graduation from the latter institution he has been associated with Paul Williams and company, Los Angeles architects.

Delightful House Party Held at Ranch Home

One of the most delightful house parties of the autumn season is taking place at El Rancho De Junipero, 11 miles from San Juan Capistrano, the estate of Mr. and Mrs. Carl Helm, who are acting as hosts to a group of friends for two weeks.

Hunting is the main feature of the outing and the call to "boots and saddles" is responded to each day.

Mr. and Mrs. Ray Helm of Santa Ana were among the guests who spent the week-end holiday with the party, returning to their home and business duties here late last evening.

Others who are enjoying the affair include Mr. and Mrs. Carl Helm, Mr. and Mrs. Harold Sampson and daughter, Mrs. Anne Wayne, who came from Indiana and who is now a resident of Los Angeles, and Mrs. Martha Stalder, also of Los Angeles.

INTRODUCING THE 21-DAY DIET

Beginning next Tuesday, a reducing diet extending over 21 days will be published in this column for convenience sake it will be known as the 21-day diet. Each day the three meals for the following day will be published, exact portions given, calories per portion, and information covering the pit-falls that beset the feet of the dieter.

Do not expect spectacular reduction but do look for steady lessening of weight without loss of strength.

After taking you through the first period of reducing the 21-day diet will be followed up by definite diet instructions designed to keep you at the weight to which you have reduced—any other way of doing is just a snare and a delusion. . . . reducing is far too hard to waste all the effort spent by going off the diet into food which shoots weight right up again.

Those who are interested in weight reduction will do well to read this column for the rest of the week, for tomorrow we start the preliminary steps to getting one's stomach reconciled to the smaller portions and different kind of food necessary to reduction.

TODAY'S RECIPE

Sautéed Veal Hearts
2 veal hearts
1/2 cup seasoned flour
2 large slices fat pork
1 cup meat stock
1/2 cup each of diced onion, celery, carrot and turnip.
1 cup canned tomato puree
1 bay leaf
A sprinkle of powdered cloves.
1 tablespoon minced parsley
This is an oven dinner, so utilize the steady oven heat to the utmost by baking a loaf cake and a pan of apples for dessert.

When the veal hearts are delivered put them to soak in cold salty water for an hour, then split them open and remove the tough cartilage. Cut them in long thin strips and while they are draining—

Dice the fat pork, or bacon, and fry out the fat. Take out a little fat on a saucer, dip each piece of heart in the fat, then roll in seasoned flour and drop into the fat in the skillet to brown nicely. When all browned, remove to a small deep baking dish, add the meat stock or hot water, cover and bake for one and one-half hours.

Parboil the vegetables in a cup of water and pour both vegetables and water over the heart, add the bay leaf and a tiny sprinkle of cloves, cover and finish cooking the vegetables—about half an hour.

Take up on a deep platter, add the cup of tomato puree to the pan gravy and thicken with flour. Taste and season, then pour over the meat and vegetables. This is exceedingly good, not expensive.

The WOMAN'S DAY

By ALLENE SUMNER

Myra McHenry appeared in person of late before the city commission of Wichita, Kansas, with a law which would make any young damsel so benighted as to appear in public with unstocked legs just naturally wish she hadn't when Myra's law got after her!

Myra isn't the first stern lady to wage war against the nude legs. It begins to appear from the mumbly and grumbly that the girl without stockings is the new-fangled substitution for the old-fashioned girl who rolled her socks and rouged her cheeks and caused the Myras such pain and woe in a bygone day.

The lady crusaders are frothing at the mouth against the cigarette girl on the billboards, the baby who wears a suntan suit and shows his ribs quite unabashed, and the man who has been heard to make home brew.

IN DEFENSE

Now their opinion may be just as good as mine; on the other hand, mine is just as good as theirs, and I arise in all my dignified majesty to remark that the stockless leg is as chaste as the lily of the field.

To be sure, there are times when a close survey of unstocked legs parading up and down the village streets, makes one a bit old-fashioned and admit that, perhaps, stockings are just as well, not as any vast moral power, but because they help to cover a multitude of aesthetic sins.

But when said unaesthetic limb is appointed which converts it into a duplicate of a limb stockinged in one of the modish shades which for the past several years, have done everything in the world to imitate the exact hue of the unclad limb itself, it's hard to see how any sane person can object

to whether the limb is covered or not.

STOCKINGS COST!

Here's a warning that hundreds and thousands of fathers and mothers hope and pray that somebody makes the critics of unclad limbs "pipe down." For who knows better than parents what it means to try to keep a daughter or two or three of them in silken hose?

You just can't make a girl wear cotton; in fact, you can't buy 'em, and it's no joke to find five of Daisies \$40 weekly wage going for the women folks' silk hose.

Perhaps we should say "long live the Myras!" For it's a cinch that if they stir up sufficient agitation the stockless fad will grow just because it's being pickled on, and maybe poppa and mamma won't be a little bit glad if Imogene doesn't have to have her new pair of silk hose every week!

LOS ALAMITOS

LOS ALAMITOS, Sept. 3.—Mr. and Mrs. C. J. Allen, of Compton, have been visiting in the Charles Bower home.

Mr. and Mrs. Ray Warner, of Green Street, entertained a number of out-of-town guests at a picnic supper on their spacious lawn Tuesday evening.

Mr. and Mrs. Earl Rhoads have as guests, Mr. and Mrs. Will Eppelking, of Lindsay, California. Mrs. Alma Duden, of Howard street, is entertaining several house guests this week. Among the guests are the Rev. and Mrs. K. L. Damskin, of Del Rey.

Mrs. A. M. Robertson, of Indianapolis, is the house guest of Mr. and Mrs. Harold E. Thompson.

Mr. and Mrs. J. B. Rose and their house guests, Mr. and Mrs. H. R. Jackson and daughter, Harriet, of Fresno, motored to Mines field to witness the arrival of the Graf Zeppelin.

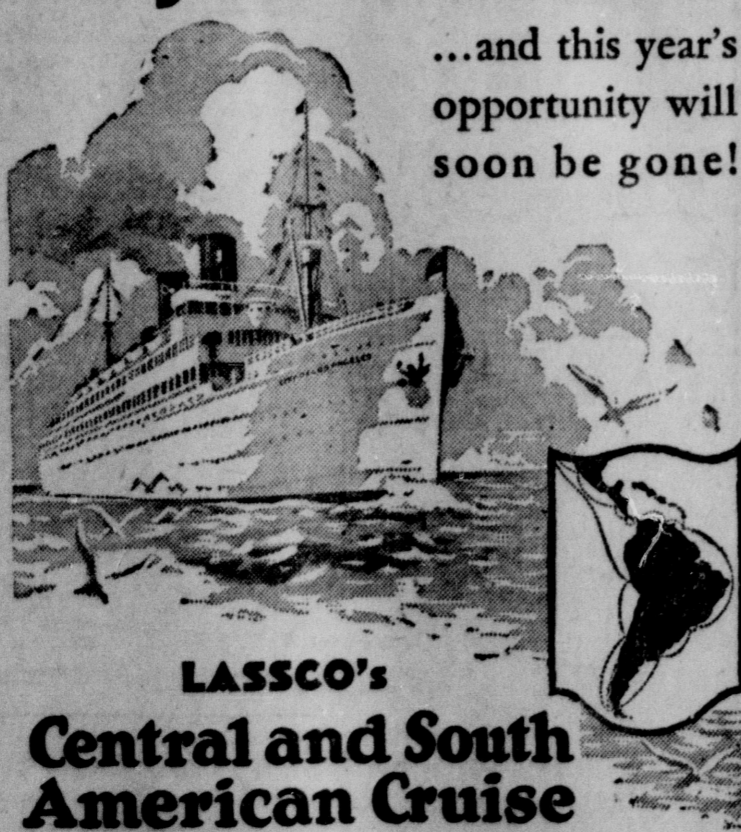

Mrs. Bert Heath and Mrs. J. B. Rose entertained the Happy Go Lucky club in the latter's home Thursday evening. Mrs. Della Kelley scored high, and Mrs. Ethel Ampsper low.

MUSICAL COMEDY ON WALKER SCREEN

That students in college learn more than football is demonstrated in "Words and Music," the Fox all-talking, singing and dancing musical comedy, which opened in the Fox-Walker theater yesterday to run through tomorrow. "Words and Music" has a love story revolving about the competition staged in Darnell college for the best musical comedy number produced by a student.

Lois Moran, making her debut as a singer and dancer on the audible screen, plays the lead. David Percy, who won his spurs as a Fox Movietone performer in "Fox Movietone Follies" and "The Black Watch," plays opposite her. Tom Patricola, famous Broadway dancer, plays a supporting role and stars in a "hot" dance number.

There are eight songs in the show, including "The Hunting Song," "Yours Sincerely," "Beauty," "Too Wonderful for Words" and "Take a Little Tip." Aside from the feature, "The Holdup," is programmed and a Fox Movietone novelty number, featuring Vincent Lopez, an Aescops Fables with sound and a Fox Movietone news reel complete the bill.

A letter from Dee Campbell, who went to Cleveland by airplane in company with Charles Rouchette to attend the air races, tells of an interesting time spent in Cleveland and gave the route of their return trip.

Mr. and Mrs. Reuben Edwards entertained at their dinner guests Wednesday, Mr. and Mrs. James Currie and small son, of Shawnee, Okla., who are visiting in California for a time. Mr. Currie and Mrs. Edwards were classmates in school in Oklahoma before Mrs. Edwards' family moved to California.

COMING! GREAT LECTURER At El Camino Hall, 3rd & Ross TIME: TUESDAY, SEPTEMBER 3rd

GUY FITCH PHELPS, Author, Traveler, Lecturer

1—What the Press Has Said of Him:

As an author Mr. Phelps has attained an international reputation, his books having been published and sold throughout a large portion of the world. "The Black Prophet," a book which has been translated into five different languages, is selling in Australia, Holland, Sweden, Norway, Mexico, and other countries, and has reached the 15th edition. Mr. Phelps is a member of the Poetry Association of America, on invitation of Edwin Markham, the first President. His writings have appeared in different periodicals for years and he is recognized as one of the established authors of the United States. Some of his books and serial stories are "The Mountains of the Morning," "The Angle O'Deadman," "Eliel Vale," "The Battle Born," "The Light of the Ages," "The Dreamer of Bunsight Canon," "The Red Judas," "The Absurdities of Evolution," "Fals of the Death Trail," etc.

He is "undoubtedly one of the ablest defenders of Fundamental Christianity in the world, and possesses to a remarkable degree the eloquence, forcefulness and logic of a great speaker and reasoner." His appearance before an audience is "striking, dramatic; his manner frank and winning. His language is poetic, cultured. He is unquestionably a scholar in his field, having been given two degrees for learning, by two different academic institutions." As an exposé of modernistic teachings and modes of thought, Mr. Phelps is second to none, proving that the school of destructive critics predicate their deductions, not upon sound principles of learning, but upon mistaken conceptions, amazing ignorance of facts, and egoistic absurdity. His lectures are unique, transcending scientific has never been successfully challenged. His studies of evolution is deep and thorough. He has repeatedly met the champions of this theory in debate, and defeated them. "Every Minister, teacher, or head of any institution loyal to historic Christianity, should embrace the first opportunity to stage a group of Mr. Phelps' lectures."

He is a man of thrilling experiences by campfire and trail. His early life was spent on the range in the bunch grass country of Idaho. He has often faced death as a hunter, a reformer, and in the World War.

Clarence True Wilson, head of the Board of the Methodist Church, one of the great leaders and thinkers of today, says: "Guy Fitch Phelps is one of the greatest platform men in America."

PLENTY THRILLS IN BROADWAY PICTURE

Murder after murder is committed in the household of the strange Green family. First one member, then another, is found slain by some fiend, who apparently intends to wipe out the entire family. Philo Vance, famous detective, is called to the house to track the murderer. Mystery, horror, thrills await him, but in the end he solves the plot.

That is the story of "The Greene Murder Case," written by S. S. Van Dine, author of "The Canary Murder Case," "The Bishop Murder Case" and other popular murder stories; which, in picture form, is being shown in the Fox Broadway theater, starting yesterday.

William Powell, who scored such a success in "The Canary Murder Case," again plays the part of Philo Vance.

Supporting Powell in this big Paramount mystery thriller are Florence Eldridge, Jean Arthur, Eugene Pallette, E. H. Calvert and other well known stars.

"Napoleon's Barber" is the name of an all-talking comedy, featuring Clark and McCullough, and a Fox Movietone News reel, together with a Paramount song cartoon, "The Sidewalks of New York," complete the bill.

THE TINYMITES

STORY & ILL. COCHRAN—PICTURES BY KNICK

The Tinymites buzzed right along within their auto. Naught went wrong. They still were very tickled that they owned the small machine. It carried four of them just right. Each was a happy Tinymite. Said Coppy, "This is wondrous land. My, what a pretty scene."

Just then the auto swerved to right and gave the whole bunch quite a fright. "Look out," cried Carpy. "Drive with care, or we'll be on the ground. You drive like you were scared to death. Quit making us all catch our breath." The little auto skidded then, and almost turned around.

This time was Coppy raised a din. Said he, "I simply won't stay in this car if you are going to drive. It isn't fun this way. When driving you should watch the road and also look out for your load. Instead of being serious, you seem to think it's play."

Poor Clowny stopped the car real quick, and said, "I still think I am slow but as you all seem nervous, I will let brave Scouty drive. He thinks that he's so good. We'll see! I'll bet he's not as good as me. When he gets through I will be glad if I am still alive."

So Scouty promptly took his place. A big broad smile spread across his face. "I'll show you now that I can drive and drive real good," said he. "You will not worry, as I steer, 'cause there'll not be a thing to fear. In just about a minute you'll feel safe as safe can be."

Just as the wheels began to spin, we Coppy cried, "Hey, look! Out in the road I see a great big bull. He's heading for us now. Step on the gas. This is no play. We'll have to try and get away. If we are lucky we can leave him far behind, somehow."

Missing Letter Links

RULES

1. In playing golf on the Missing Letter Links the object is to change one word to another in a given number of strokes which is par. For example, to go from TEE to PIN in three strokes sounds hard but isn't: TEE, TIE, PIE, PIN. It's probably more difficult on a real course.

2. Change but one letter at a time and be sure the word you have used is one in good usage.

3. The order of the letters cannot be changed.

he faced sooner or later by everybody. Can you get around it in five strokes?

Yachting News

By S. H. LUCAS

The two races sailed by the stars yesterday were called under the most perfect conditions imaginable, and both starts were perfect. They resembled the start of a running race with all the horses up ready for the jump when the barrier is sprung. The only difference is that if one beats the gun, he only is called back instead of the whole field.

In this respect Regulus had to return in the first race, while Grey Goose did the do-or-die in the second. Tom Webster, by a superhuman effort, warded off a like handicap in the second start and his perfect timing of when to come about on his windward legs, worked him up from fourth to first in the second heat, cutting in ahead of Plumb when he came about too soon and sailing in from leeward, heading Coffey when the May Star slightly oversteered the last mark.

On the last leg of the first round of the second race, Coffey slid down and blanketed Plumb and passed him to round four seconds in the lead and almost repeated at the finish of the last lap.

It was nip and tuck all the way, first one having the edge and then another. Every time the boats split tacks, it was impossible to tell which one would cross first.

The first race was sailed only once around the triangular course, while on the second, the regular two laps were negotiated.

These two races counted as the third and fourth of the fall series as well as the second and third of the inter-club series. The summaries will show the standings of the fall series and below will be the final of the inter-club Saturday and Sunday next will see the finish of the seven heats of the fall events and will be the official closing of the racing season.

MUTT AND JEFF—Mister Mutt Was Serenading the Wrecking Crew

The Innocent Cheat

©1929 BY NEA SERVICE INC.

by Ruth Dewey Groves

AUTHOR OF "RICH GIRL—POOR GIRL," ETC.

THIS HAS HAPPENED

HELEN PAGE feels unhappy when the girls at the Spinn boarding school tease her about being Miss Simplicity just to please her handsome guardian, LEONARD BRENT, who supplies her with ample funds and smart frocks which are brought from Paris for her by a woman friend whom Helen has never met.

The fact that he has never permitted her to meet any of his friends worries her, too. But she will not question his reason even though her roommate, SHALLI-MOR MORRIS, taunts her about smirking back without speaking one afternoon at the Ritz when they see him there with a striking looking woman. Shalli accuses Helen of being in love with Brent; calls her a fool to live up with him, and dancing and parties for him; and ends by saying that "there's something wrong with the picture." But Helen dares not reveal her infatuation, or tell the girls that she knows nothing of her parentage or early life. Next time Brent calls to take her out to dinner, she begs him to tell the story of her life but he refuses until after she graduates.

NOW GO ON WITH THE STORY

It was a short drive to the Inn—a drive in May-scented twilight. Helen's thoughts were tuned to the sheer delight of the wind in her face, the lift of her hair about her face, the racing hope that sped with her.

At the Inn, before they left the car, she turned to her companion, her lips apart and her eyes seeking his. "Lena," she said softly, wistfully, "tonight you will do what you promised."

"Tonight?" Brent repeated. "I can't wait any longer," Helen urged. "You must tell me. You promised, when I finished school. That will be soon. I've tried to be patient, but you've no idea what it means not to know anything about yourself except your name. And I'm not even sure of that."

Brent's lips took on a cross determination. He spoke sharply. "Don't be a nuisance and spoil our evening. I'll tell you everything as I promised, when you graduate."

Helen sat very still, facing her disappointment. Brent put an arm about her. "There is one thing I want to know," he said, "before I tell you who you are."

CHAPTER II

Brent leaned closer to Helen and the girl saw something in his eyes she had never found there before. A plea, an entreaty. Brent knew how to use the expressiveness of his features to serve his purpose, whatever it might be.

"Why," she faltered, "I..." Brent pressed his arm a little tighter, patting her shoulder. "I'm not going to question you about any of the promises you've made me," he said easily. "If you have any confessions to make, keep them for another time. All that matters about what you've done here at school is what it's made of you, Helen. Will it please you to know that I am satisfied?"

"Please me?" Helen's voice vibrated with astonishment. "Lena— you ask me that?"

"But I haven't done anything you asked me not to do," the girl rushed on. "I haven't smoked or sworn or taken a drink or listened to racy stories or—"

"I'm sure you haven't," Brent broke in. He was thoroughly convinced of her virtues. His magnetic hold on her, he knew, governed every act of her life.

But the very completeness of his hold troubled him. Could she be capable of such devotion upon her ideas that he had fostered upon her without possessing, innately, a penchant for truth and purity? Was it entirely his wishes that swayed her?

Well, he'd gambled on blood. Diamond Page's daughter! The blood of an international crook in her veins. She couldn't get rid of that. Against it Brent had stacked a course in culture, taking a chance that heredity would win over environment. It was important to him that it should.

And tonight he meant to take the first step in proving the result. "You've often expressed curiosity over my attitude toward you," he said to Helen now. "Well, it wasn't an idle wish to have you grow up."
